Introduction

The Idox Public Access For Licensing website has been designed to provide an efficient and easy-to-use process for members of the public to search for and track licence applications and granted licences.

This document describes how to use the site.

User Details

Anyone can use the Idox Public Access site but to take advantage of the advanced profile features you must first register a user account.

Registration

Registering for an Idox Public Access user account only requires you to provide your name and relevant contact details.

- 1 To create a new user account click on **Register** in the menu bar.

The screenshot shows the registration page with a dark blue navigation bar at the top containing 'Search', 'My Profile', 'Login', and 'Register'. Below the navigation bar, the page title is 'Registration'. A message states: 'Once registered the following additional functionality will be available:' followed by a list: 'Tracking applications', 'Saving Searches', and 'Email notifications about tracked applications and new search results.' Below this, it says 'Fields marked with a * must be completed.' The form fields are: 'Title *' (dropdown menu with 'Ms' selected), 'First Name *' (text input with 'Sophie'), 'Surname *' (text input with 'Morris'), 'Phone Number' (text input with '0141 574 1000'), 'Email Address *' (text input with 'sophie.morris@idoxgroup.com'), 'Confirm Email Address *' (text input with 'sophie.morris@idoxgroup.com'), 'Password *' (password input with 8 dots), and 'Confirm Password *' (password input with 8 dots). A 'Next' button is at the bottom of the form.

- 2 Register your personal details by filling in the following fields:

- **Title** - select the title you wish to be addressed by.
- **First Name** - enter your first name.
- **Surname** - enter your surname.
- **Email Address** - enter your email address. Enter it again to confirm that it is correct.
- **Password** - enter a password that will allow only you to access your account.

Note Passwords must be eight characters or longer, must contain a mixture of letters and numbers and must not contain spaces. Enter the password again below to confirm that it is correct.

- 3 Click on Next.

- 4 Enter your postcode, then press Next.

Saved searches

The primary activity on the Idox Public Access site is to perform searches for information. Searches that will be performed frequently can be saved so that they may be repeated easily as often as you like (see “Searching” on page 14).

Any changes to the status of applications previously found by your search criteria or any new applications which match the criteria of a saved search will trigger a notification. Notifications are listed in the Notified Applications page.

- 1 To view your saved searches, select **Saved Searches** from the My Profile drop down list.

Apply Online

As a member of the public, you may wish to submit your own applications to your council. As a Public Access user, you can access the iApply, Planning Portal, eScot Planning or eScot Building Standards site directly from the navigation bar.

Note Users in England and Wales have the option of being directed to the iApply or the Planning Portal website, whereas, users in Scotland will have the option of being directed to the eBuildingStandards.scot or ePlanning.scot service.

To create an application from the Public Access site:

- 1 Click Apply Online on the right-hand side of the navigation bar.

- 2 Select the module area you wish to apply for from the menu.
- 3 Select the website you prefer to submit your application to from the sub-menu.
- 4 Log in with your existing user credentials or create a new log in.
- 5 Follow the instructions for the site to submit an application.

Searching

Your primary activity when you are logged in to the Idox Public Access site will be to search for records according to a variety of criteria. There are a variety of search methods to allow you to find the information you are looking for:

- **Simple** - search quickly for applications or licences according to some entered text
- **Advanced** - search according to a wide combination of relevant factors
- **Property** - search for a particular property to which applications may apply
- **Map** - search using an interactive map tool

Simple Search

A simple search allows you to search quickly for an application or licence by entering some text that will help identify it.

- 1 From the Search drop down list choose the Licencing module, then select **Simple Search**.

- 2 In the Licencing module you can search for:

- Applications
- Licences.

Click to select the type of record that you want to locate.

- 3 Enter some text in the **Search** box that will correspond to one of:

- reference number (for example, "2008/0125/DET")
- post code (for example, "G1 3PL")
- part of an address (for example, "Drymen", "Scott Street").

If Wildcard Searching is enabled in your system your search will produce a wider range of results. Wildcard Searching assumes a wildcard symbol at the beginning and end of the search string and in between each term. For example, entering "10 High Street" (equivalent to "%10%High%Street%") may find results of "10-12 High Street" or "The Swan, 10 High Street".

- 4 Click on the **Search** button to display the results of your search (see "Search Results" on page 28).

Advanced Search

An advanced search allows you to build a complex combination of specific criteria on which to search for information.

- 1 From the Search drop down list choose the Licencing module, then select **Advanced Search**.

Map Search

Map search allows you to identify properties that are the subjects of applications or licences using an interactive map. The map allows you to zoom in and examine each property to locate the records of interest to you. You can filter the display by adding or removing record types and by changing the time period.

Note This mapping functionality is not available for Acolaid, however an external web link may be enabled.

Alternatively, if you are interested in applications relevant to a specific geographical area, such as close to your home, you can search for records limited either to the currently displayed map extent or to a specified radius from the map's centre. These searches can be saved to your Saved Searches.

- 1 From the Search menu, choose the Licencing module, then select **Map Search**.
The initial view shows applications submitted within the last six months.

- 2 To zoom in on a specific location, click on a point on the map and click on the + button. To zoom out, click on the - button.
Alternatively, you can zoom in and out by scrolling the mouse wheel.
Note The scale at the bottom left of the map changes as you zoom.
- 3 To pan the image around, click on the map and, keeping the mouse button depressed, drag in the direction you want to pan.

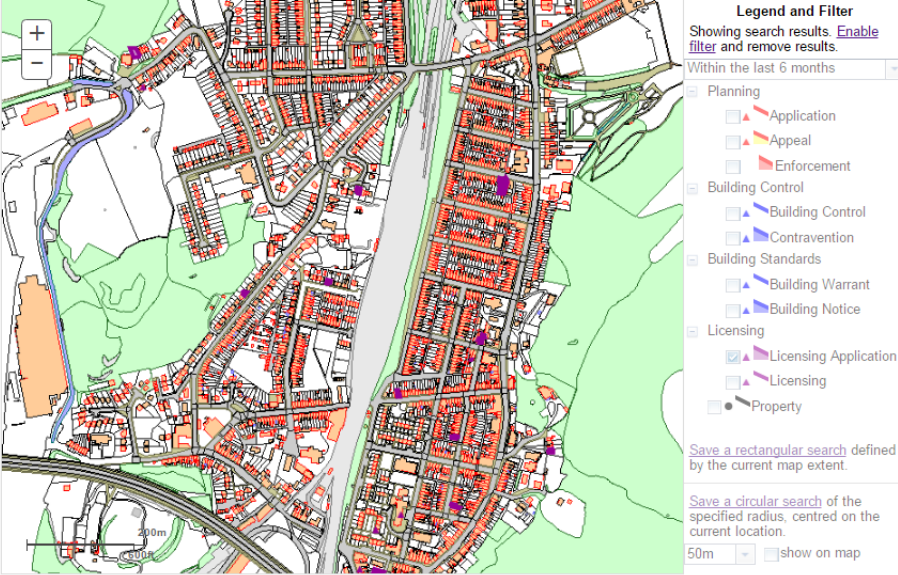

- 4 To refine the display, click on **Enable Filter**.

- 5 The initial view displays applications submitted within the last six months. To change the time period select from the **Time Period** drop down list.

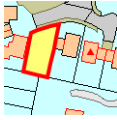

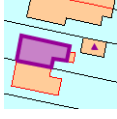

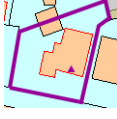

- 6 To display more record types on the map, check the relevant boxes in the **Legend and Filter** list. To remove record types from the map, uncheck them.

Most records can be displayed in two ways:

- Records which only affect the property which is the subject of the application are shown as triangular points.
- Records which affect others (for example, neighbours or the public) are displayed as a polygon which illustrates the boundary of the property affected by the application.

Module	Record type	Displayed As
Planning	Applications - properties for which planning applications have been submitted.	
	Appeals - properties which are the subject of planning appeals.	
	Enforcements - properties which are the subject of planning enforcements.	
Building Control	Applications - properties for which building control applications have been submitted.	
	Contraventions - properties which are the subject of building control contraventions.	
Building Standards	Warrants - properties for which applications for building warrants have been submitted.	
	Notices - properties which are the subject of building notices.	
Licensing	Applications - properties for which licence applications have been submitted.	
	Licences - properties which hold one or more licences.	
All	Properties - all valid properties in your local area. You can click on any of these to see if any current record (for example, application, or licence) exists at that address.	

- 7 Once you have identified a record of interest, click on the triangle point or polygon to display a summary of the information about the record.

If there is more than one record associated with the property, you can click on the navigation arrows to page through the record summaries.

To view the full record details click on the **Details** link.

- 8 When the black Properties markers are displayed, you can click on any of these to view the property summary.

To view full details about that property, including any historical records that do not fall into the time period displayed on the map, click on **Property Details**.

Saving map searches

You can add a map search to your Saved Searches list in one of two formats:

- **Rectangular search** - saves all of the records of the selected record type that apply to the area currently shown on the map
- **Circular search** - saves all of the records of the selected record type that apply to the area within a specified radius of the map centre.

Note Map searches can only be saved for one record type (for example, applications) at a time. If you want to save a search for another record type in the same geographical area, you must save it as a different search.

Rectangular search

The rectangular search allows you to display occurrences of a record type over the geographical area currently displayed on the map. By re-running the search, you can monitor new occurrences. For example, if you have zoomed the map to display your town centre and filtered the legend to display licencing applications in the last month you can save an extents search that allows you to monitor new applications arising in the town centre on a monthly basis.

- 1 Zoom and pan the map to display the geographical area of interest.
- 2 Select the required time period.
- 3 Filter the legend to display one record type.
- 4 Click on **Save a rectangular search**.

- 5 On the **Saved Search Options** page you may change the default search title if you wish.

Circular search

The circular map search allows you to display occurrences of a record type over the geographical area currently displayed within a specified proximity of the centre of the map. By re-running the search, you can monitor new occurrences. For example, if you have zoomed the map to display your home and filtered the legend to display licencing applications submitted in the last year you can save a proximity search that allows you to monitor new applications arising within a specified distance of your home on a yearly basis.

- 1 Zoom and pan the map, placing the geographical point of interest at the centre.

Accessing Cases Directly

Idox Public Access allows users to access specific cases directly by manually entering or copying and pasting its URL into the browser's address bar. The URL is composed of three parts:

- the website
- the case type
- the case number

For example, www.rbkc.gov.uk/PLAN/14/00111/CON, where **/PLAN/** indicates the Planning case type and **14/00111/CON** is the case number.

The case type codes are available for a range of modules.

APPEAL	Planning Appeal
BC	Building Control Applications
BCC	Building Control Contraventions
BS	Building Standards Applications
BSN	Building Standards Notices
ENF	Planning Enforcements
LIC	Licences Granted
LICAPP	Licensing Applications

- 6 To view an individual record in detail, click on its title.

Saving A Search

You may find that you use a particular search regularly. For example, a simple search based on your post code or an advanced search charting the progress of a specific planning application. As a registered user you can save these searches to be run again from your Saved Searches page (see “Saved searches” on page 10). Additionally, when new records corresponding to a saved search arrive, news of these will automatically appear on your Notified Applications page (see “Notified applications” on page 11).

- 1 To save a search, click on the **Save Search** button.

- 2 Change the default search title if you wish.
